Betty Furness Plans Wedding

WASHINGTON—The Aug. 15 wedding of Betty Furness, special assistant to President Johnson for Consumer Affairs, and Leslie Midgley of CBS news, has been set for noon so their CBS news friends can attend. Especially Walter Cronkite, who introduced them.

Timing of the wedding at New York City's Regency Hotel takes note of the fact the night news staff begin their work early in the afternoon.

Betty, who announced her wedding was herself a CBS news commentator before she joined the President's staff and moved to Washington and Les, executive producer, was responsible for the four-part analysis of the Warren Report, presented by Cronkite, which was concluded Wednesday night.
